International Conference on Image Processing & Communications will be organized by Institute of Telecommunications, University of Technology and Life Sciences in Bydgoszcz, Poland from 16 to 18 September 2009. The conference aims to bring together the researchers working on fields image processing and communications. This Conference will be an important event and will provide us with a unique opportunity for disseminating the latest advances, applications and future trends in the field of Image processing and Communications. There are 3 main tracks of the conference. We are inviting original, unpublished research manuscripts describing the results of theoretical, empirical and practical development experiences in the following technical areas (but not limited to):

Computer Vision

Object Recognition
Machine Vision
Biometrics
Intelligent Interfaces
Image Motion Analysis

Image Analysis

Image Compression
Medical Image Processing
Character and Document Analysis
Image Retrieval
Image Processing Applications

Communications

Next Generation Networks
Optical Backbone and Access Networks
Network Reliability
New Services in IP Networks
QoS in IP Networks
Regular Structures of Communications Networks

Submission of Papers: Prospective participants are invited to electronically submit full papers of their work in English (max. 8 pages in LaTeX format), following the instructions available on the website. Each paper will be judged by at least two referees. Accepted papers will be included in the book published by AOW EXIT.

Selected best papers will be invited for further revisions and extensions for possible publications by journals (e.g., IP&C).

15 March 2009: Early Registration

15 March 2009: Deadline for submission of proposals for Special Sessions

15 May 2009: Deadline for submission of full-length papers for Regular Sessions and Special Sessions.

20 June 2009: Acceptance/Rejection notification for regular papers and special session papers.

20 July 2009: Final camera-ready papers due in electronic form.
